## Conquer the Dark Side of Life with Archangel Michael and the Hosts of Light

What is life like on the other side of the veil? What is the difference between the astral plane (the "heaven world") and the astral realm? What is the purpose of these different planes of being and what happens there? What is the truth about ghosts, discarnates, and malicious spirits that roam the astral plane? And how can we protect ourselves and our loved ones from their insidious influence? These questions and more will be answered during this 50 session seminar. Participants will not only learn a great deal about the invisible world, they will also hone their spiritual skills as champions of Light!
